So, What Has the MTSS Team Been up to Exactly?

Our **Goff's PRIDE Behavior Matrix** has been 99.9% finalized! We are currently mapping out a plan for displaying this Matrix in classrooms and throughout the school. All the information that will be found on the Matrix was a school wide collaboration. We thank you for your continued support and assistance!

We are currently working in groups to form lessons on how to teach each of the behavioral expectations that we, as a school, decided upon for PRIDE. MTSS Teams are working in groups to get these lessons done.

The MTSS Team is still receiving training, there is so much to still learn and to do. We love MTSS so much ... we even added on meetings after school to help us further to meet our goals! To further embrace their love of MTSS... Ron,
